

PIM Initiative / Main outcomes

ACTUALITY & FUTURE APPROACHS FOR 2014 - 2015

COREGE 2013

Fabrice BERNARD - PIM Initiative

PIM Initiative

COREGE 2013

PIM Initiative

Social and economic context :

- Regional : UNEP/MAP; RAC/SPA
- National : declining budgets, declining in interest, social disruption...

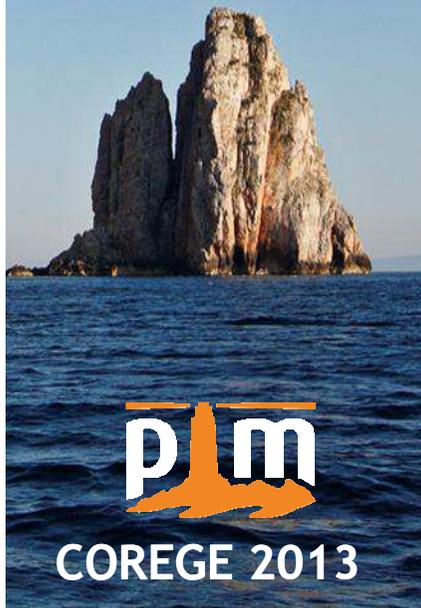

COREGE 2013

PIM Initiative - New projects

Management models of coastal, insular and marine areas in the Mediterranean :

- Contributing to create ICZM models for sensitive coastal, insular and marine areas models and achieving sustainable financing mechanisms.

Conservatoire
du littoral

PIM Initiative - New projects

Management models of coastal, insular and marine areas in the Mediterranean:

•Objective 1:

- Management of several pilot sites is reinforced towards ICZM;

•Objective 2:

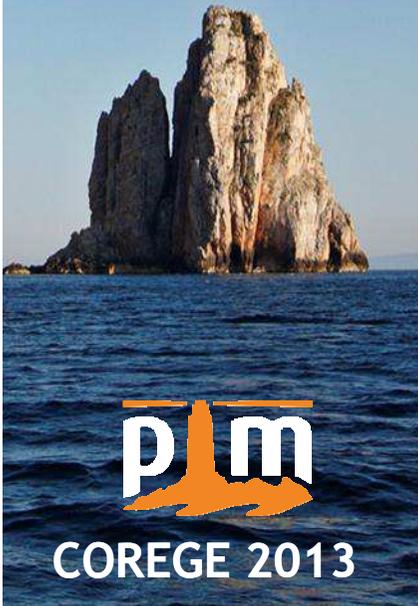

- Decision-makers and stakeholders are committed to ICZM and financing mechanisms are established;

•Objective 3:

- Resource managers have knowledge and capacity to be actively involved in integrated management processes and advance on sustainable financing

•Objective 4:

- An efficient coordination and synergies among partners are ensured
